

ANT WIRELESS SYMPOSIUM 2019

SEPT 24-26
CANMORE, CANADA

Please Join Us for the 12th Annual ANT Wireless Symposium!
September 24th – 26th, 2019 | Canmore, Alberta, Canada

Dear Adopter of ANT Wireless/ANT Annual Member,

As an Adopter of ANT Wireless/ANT Annual Member, you are playing an integral role in defining the digital wireless standard for wellness, sport, fitness and the IoT Application development by attending our 2019 ANT Wireless Symposium. To further optimize your ANT Wireless affiliation, we are very pleased to invite you to attend the 12th annual ANT Wireless Symposium, September 24th – 26th, 2019 at The Malcolm Hotel in Canmore, Alberta, Canada.

Open to adopters and members, this Symposium has been specifically designed to optimize your ANT+ investment, respond to technical and commercial questions and foster critical relationships with other ANT Wireless members and adopters. During your stay in Canada, your expenses that are not included in the conference registration fees (i.e. conference sessions, conference meals and evening events) will be covered by the company that you are employed with.

Please accept this as your formal invitation to the 2019 ANT Wireless Symposium. We welcome you and others within your organization as we explore the technical and commercial possibilities of low-power wireless technologies and IoT solutions.

We look forward to having you join us in September!

Sincerely,

Andrew Skarsgard
Director, ANT Wireless
